P R E S E N T A T I O N

**THE BEST IN WHITE &  
PRIVATE LABEL  
MANUFACTURING**

Molecule Supplement has a full service state-of-the-art FDA-registered, Food Grade Certified, GMP compliant, ISO 9001:2015 contract manufacturer spanning over 40,000 square feet. Regardless of your current stage of development Molecule Supplements can offer everything you require to take your operation to the next level. By utilizing the most recent technological advancements in state-of-the-art laboratory, Molecule Supplements creates custom proprietary formulations to service your needs.

The Molecule Supplements facility is designed to run multiple shifts with no down time and can produce a wide range of product sizes in bottles, jars, tubes and sachets. Product filling services range from ‘fill only’ contract services to full service ‘turn key’ production. When you choose Molecule Supplements as your contract manufacturer, you’re choosing industry experience drawing upon more than 30 years combined experience in the topical, vitamins and other nutritional supplements.

Molecule Supplements firmly committed to all quality processes from product development through manufacturing and packaging of finished goods.

# OUR MISSION

- Provide safe and effective products of the highest compliance standards that exceed statutory and regulatory requirements
- Maintain a reputation of excellence throughout our industry
- Utilize state-of-the-art supply chain
- Guarantee product performance through proven formulations
- Support our partnerships to achieve long-term success

# WHAT WE DO

Molecule Supplements provides the complete range of formulation, brand development and turnkey product manufacturing solutions for the health & wellness, beauty & cosmetic and pet product industries.

## CONSISTENT QUALITY & SERVICE

The heart of Molecule Supplements is our unwavering commitment to meeting the highest standards of quality, safety and efficacy above all.

## TURN KEY SOLUTIONS

From ideation to creation. Full service wholesale manufacturing, white label production, packaging and brand design services.

## SCIENCE DRIVEN FORMULATIONS

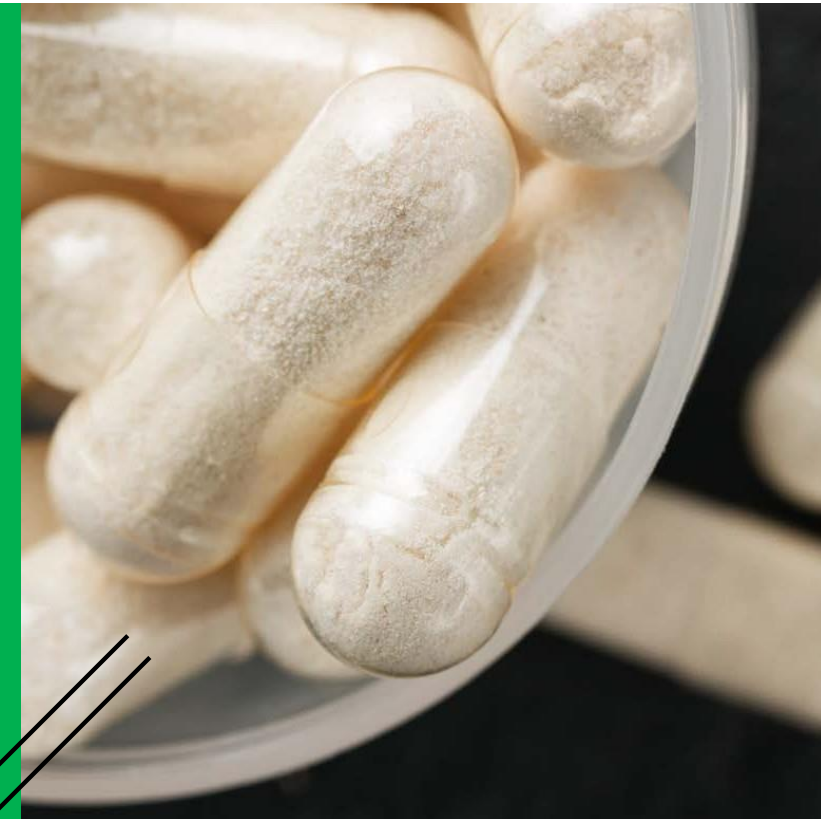

Formulation science products delivering benefit to the end-user through efficacy, quality, and proven results.

# PRODUCT PORTFOLIO

## OIL DROPS

Tinctures are one of the most commonly used product categories, but not all are created equal. Our products achieve a higher amount of brand loyalty than anyone else in the industry. Providing the industry's best was not an accident, we only use the best quality ingredients.

## EDIBLES

Molecule Supplements offers a variety of ingestible products such as gummies, capsules, and beverages.

## TOPICALS

From relief creams to relief balms, we specially formulate products to help people with a variety of personal care needs. Molecule Supplements has custom formulated product categories such as relief creams and gels, anti-bacterial facial washes, and irritated skin relief ointments as well as body washes.

## PET

Like us, our pets can benefit from targeting receptors for stimulating and profound effects. All of our pet products are 3rd party lab tested for crude and moisture for a guaranteed analysis.

# PRODUCT INNOVATION

## SLEEP

Products to help you fall asleep fast, stay asleep and wake up well-rested.

## ENERGY

Energy enhancing products to help give you that extra boost to get you through your day.

## PAIN

Products to help support healthy inflammatory response while helping to address the root causes of pain.

## FOCUS

Brain empowering products to help you focus and perform at your best.

## IMMUNITY

Products to help support healthy immune function and protection in these trying times.

## BEAUTY

Products to help support beauty from within including skin health, hair and nails.

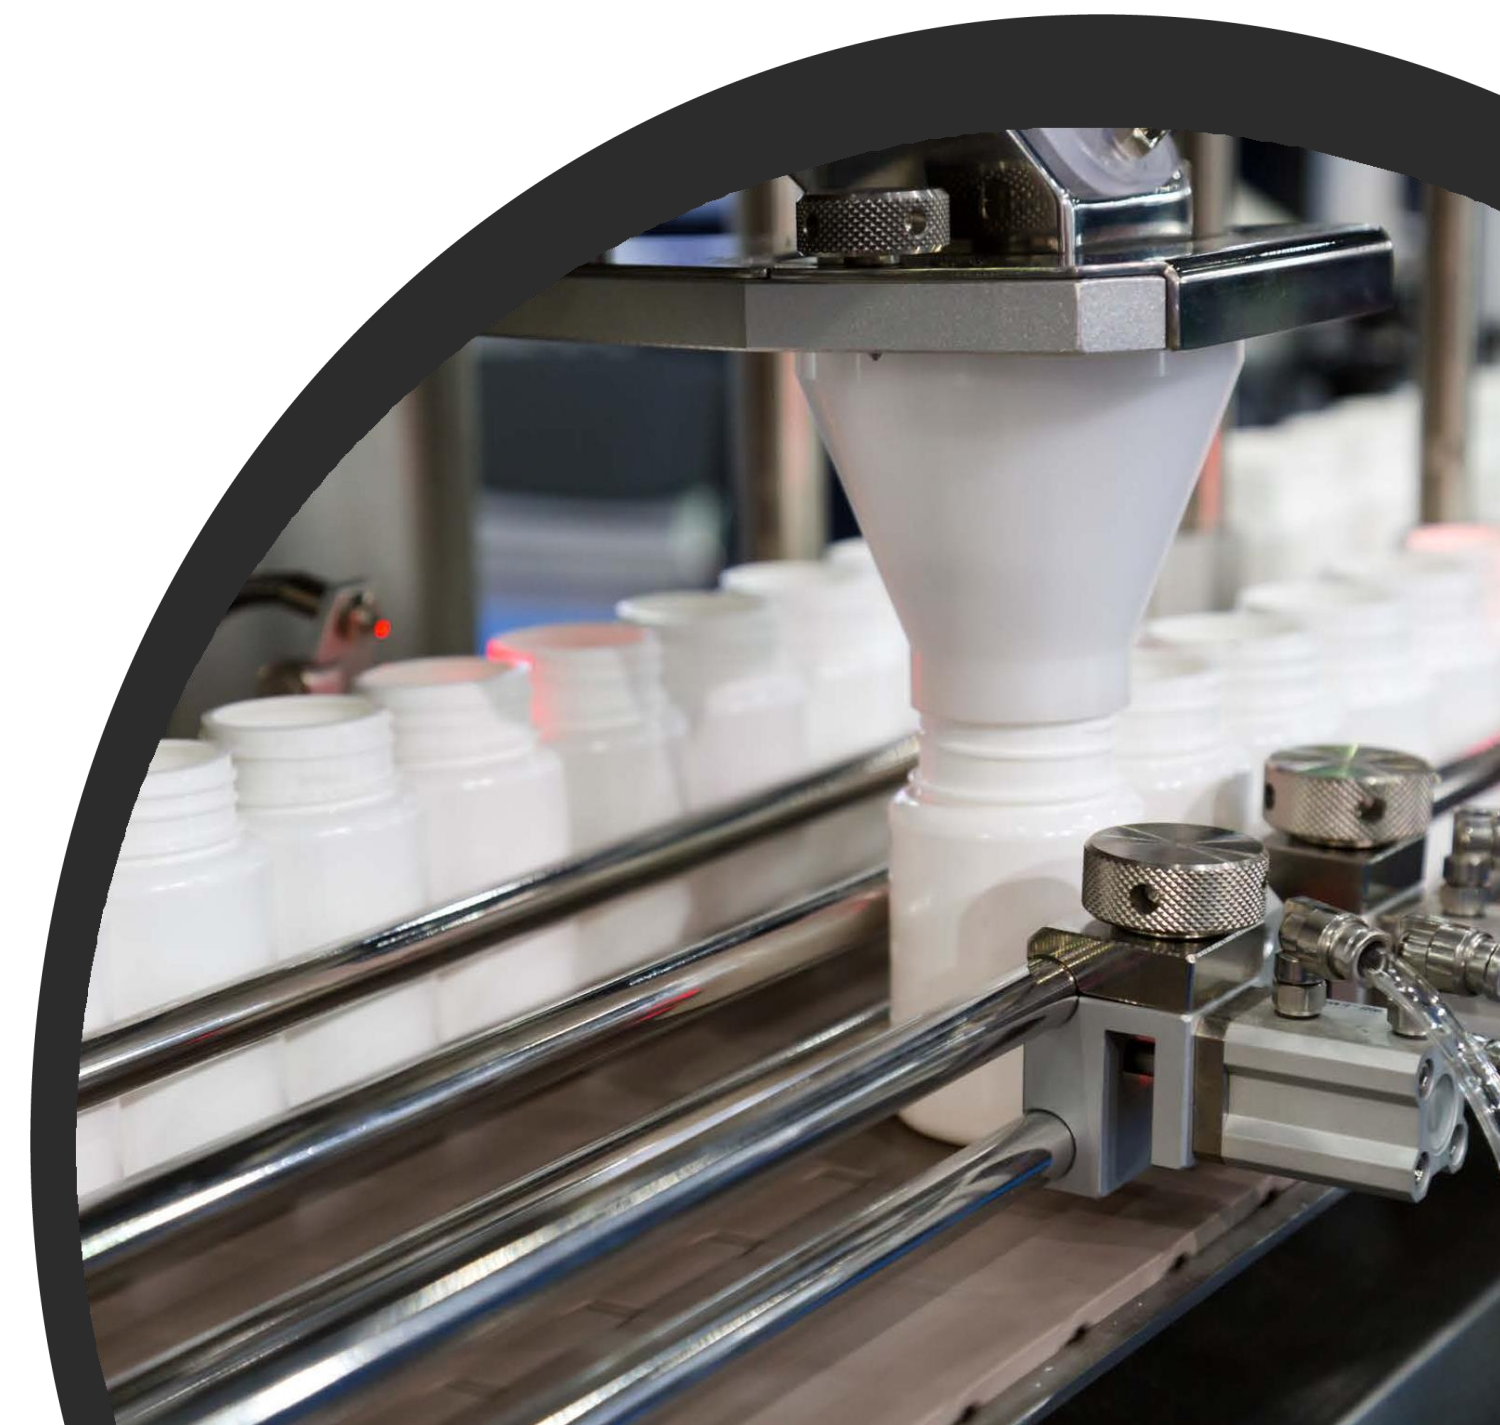

# MANUFACTURING

We aim at earning success for your business by ensuring the quality and uniqueness of product responsibly and affordably. Our process includes utilizing fully and semi-automatic machinery and equipment which means quick product turnaround times for you!
